

Saudi-Arabien stoppt BRICS-Beitritt: Trump Tarife zeigen Wirkung!

Saudi-Arabien stoppt BRICS-Beitritt wegen Trumps Zoll-Drohung. Zukunft der globalen Wirtschaft beeinflusst.

Saudi Arabia - Saudi Arabia shocks the world by slamming the brakes on its BRICS membership! In a jaw-dropping move, the kingdom has frozen its bid to join the influential economic bloc, sending ripples through global finance. The buzz? This move follows a warning from US President-elect Donald Trump, who threatened a whopping 100% tariff if the bloc continues its push to ditch the US dollar. Is Trump's tough talk scaring off key players in the global economic game? **Mehr Details zu diesem Thema finden sich in einem ausführlichen Bericht auf [watcher.guru](#).**

Riyadh's nod to BRICS in 2023 was seen as a pivotal step, marking the country's rise in global economic circles. But now, questions swirl on whether Saudi's dance with the bloc will ever see the light of day. BRICS, aiming to shatter Western dominance and reduce US dollar reliance, has seen stars like Russia's former foreign policy guru, Yuri Ushakov, explain Saudi's shift is no surprise. Yet, despite the setback, BRICS is not fazed, having invited an impressive 13 new partners in 2024. Is the global tide turning, or is this a temporary power play ending with a Trump-sized exclamation mark? For more details on this unfolding saga, **[siehe den Bericht auf watcher.guru](#).**
