

Indonesien tritt BRICS bei: Neuer Schub für globale Allianz!

Indonesien tritt BRICS 2025 offiziell bei und verstärkt den Einfluss des Bündnisses. Wichtiger Schritt für globale Kooperation.

Brazil, South America - Boom! Indonesia has officially jumped aboard the BRICS megaship as its latest full member! Brazil, about to take the driver's seat of this powerful alliance in 2025, let the world know via a jubilant announcement. This sizzling news comes after Indonesia, eyeing megastars like China and India, smoothly clinched its ticket into the elite club during BRICS' 2023 pow-wow, stepping up as the tenth titan in this economic powerhouse.

Impatient to play a bigger game on the global pitch, Indonesia now shares a common vision of reforming global governance with its fellow BRICS comrades. As BRICS revs up for a potentially explosive 2025—marked by massive economic maneuvers—Indonesia's entry is nothing short of a strategic jackpot. However, a storm may be brewing, as US President-elect Donald Trump has already flashed a red card by threatening whopping tariffs on nations ditching the almighty dollar. BRICS' ambitious leap towards their own currency might just turn into the next heavyweight showdown! Dive into these unfolding seismic shifts—**wie [watcher.guru berichtet](#)!**
